- Remote start/stop
- Status mode & run times
- Fault alarms
- Fuel level alarms
- Battery voltage monitoring
- Remote diagnostics
- Operational trending
- Performance reporting

### Reliability and service at all times.

Even though your generator may be out of sight, reliability is always critical. Fidelity Power Systems® offers an invaluable service that can give you the peace of mind you need. Our service group offers a 24/7/365 wireless remote monitoring service that monitors your equipment and provides immediate communication between our service team and yours.

Our remote monitoring alarm outputs can be transmitted to a web page, email address, digital pager, fax machine, or cellular phone. If desired, upon alarm generation, our technicians can be automatically dispatched to ensure quick and knowledgeable service.

## **FIDELITY POWER SYSTEMS**

One of the nation's largest distributors and service providers of KOHLER® generators.

Over the past 40 years, Fidelity Power Systems® has become one of the nation's largest distributors of KOHLER® Generators and Power Systems in the mid-Atlantic region. We offer a full line of commercial, industrial and residential emergency power systems including stand-by generators, automatic transfer switches, paralleling switchgear and replacement parts.

Fidelity Power Systems award-winning service teams include factory-trained and authorized service technicians who specialize in emergency power systems, supporting commercial, industrial, health care, critical facilities, and more.
